

COMPLAINT AND DEMAND FOR JURY TRIAL

Daniel Alvarez, Plaintiff, v. Northstar Civil LLC, Defendant.
Case No. RV-CV-2026-00418. Filed January 29, 2026.

Plaintiff Daniel Alvarez alleges that Northstar Civil LLC failed to pay wages and retaliated after he reported unsafe masonry work at the Riverton Transit Authority depot. Alvarez worked as a site foreman from September 2025 through January 8, 2026. Northstar was performing city work under contracts CTR-2025-118 and CTR-2026-014.

Alvarez says he warned project manager Caleb Ward on December 19 that an unsupported parapet could fall into the east maintenance bay. He alleges that Ward ordered the crew to continue demolition before an engineer arrived. The complaint does not allege that any Transit Authority employee gave that instruction.
